

Pentel[®] Arts[™] Fabric Fun[®] for Baby

Personalizing Alphabet for Bib & Bodysuit

INSTRUCTIONS

1. Download and print this page.
2. If you want a straight line word, name or saying, simply draw a guideline on a piece of tracing paper with pencil and ruler, then trace the letters below to say what you want. Place the tracing paper between layers of bodysuit or beneath bib, positioning over or under already completed design. Pin or tape in place.
3. Transfer letters (but not guideline) onto bib or bodysuit with Gel Roller for Fabric. Remove tracing paper.
4. If you want your word, name or saying to follow a curve, use a pencil to trace one of the curved guidelines below or draw your own on a tracing paper; then trace the letters to say what you want. When copying letters onto a curve, keep turning the tracing paper so each letter appears to come straight out from the guideline, as if they were rays from the sun. Place the tracing paper between layers of bodysuit or beneath bib, positioning over or under your already completed design. Pin or tape in place.
5. Transfer all letters, but not the curved guideline, onto bib or bodysuit with Gel Roller for Fabric pen. Remove tracing paper.

NOTE: Gel Roller for Fabric does not need to be heat set. The bib or bodysuit is ready for the baby to wear!

Do Not Trace Blue Guidelines onto Fabric.

GUIDELINES

LETTERS TO TRACE

Aa Bb Cc Dd Ee
Ff Gg Hh Ii Jj Kk
Ll Mm Nn Oo Pp
Qq Rr Ss Tt Uu
Vv Ww Xx Yy Zz
